

BigFoot

Temporary Fence Base Weight

Jobsite Safety & Security

As a leading supplier of fence solutions, Master Halco is dedicated to providing a broad range of products that support your business and help drive success.

Introducing **BigFoot**

Developed in collaboration with leading contractors, BigFoot features the following benefits:

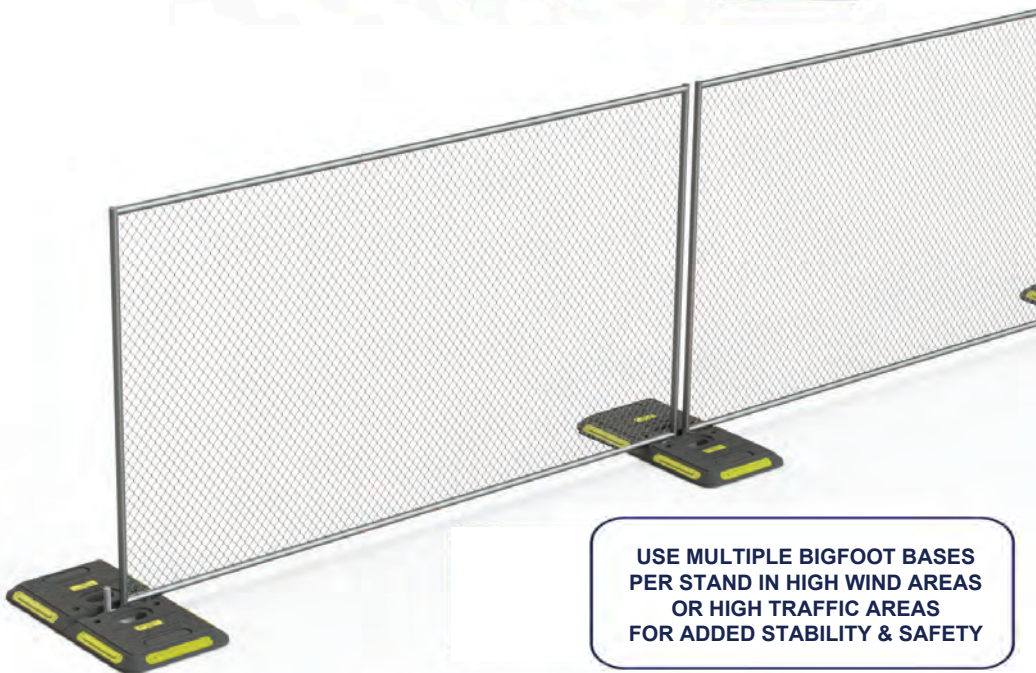

- *Heavy counterweight that increases the stability of the temporary fence panel and stand*
- *Eliminates the need for sandbags with no mess. 1 BigFoot = 1 sandbag*
- *Made of durable, recycled PVC that will last for years on multiple job sites and projects*
- *Fits over most tube stands & OxStand*
- *Low profile and high visibility edge reduces trip hazards for a safer site*
- *Pre-molded handhold for ease of carrying and faster installation*
- *Stackable for storage, transport, & installation*

Master Halco is offering these innovative temporary fence stands, that improve your productivity and profits, and lead to a safer job site.

BigFoot Temporary Fence Base Weight

Developed in Collaboration with Leading Contractors

Base Weight

Part#	Description	Weight Ea.
012527	24"H x 22"L x 3"H BigFoot	33

A larger BigFoot is also available to fit over 2'x2' tube stands

What Contractors that use BigFoot have to say...

"I started buying BigFoot in 2013. I still have them! I have reused them so many times I got my investment back plus plus plus!! Not to mention my customers like BigFoot because they minimize trip hazard and look 100% better. But the greatest advantage comes from the operational improvements. They stack, have handles, and actually add weight to the stand vs. the ground. The crews prefer them. There's no mess to clean up anymore.."
