

PTC COLOR COAT

> Colored Fence Framework

USPTM offers all of its high security, commercial, and residential fence products in an unlimited variety of custom colors. After our galvanized pipe is treated with our additional corrosion resistant coatings, a 3 mil coating of our Polyester Color Coat or 10 mil Polyolefin Color Coat is applied and heat set. Our Polyester Color Coat paint process offers a durable finish that is guaranteed not to fade, crack, flake or craze for 15 years.

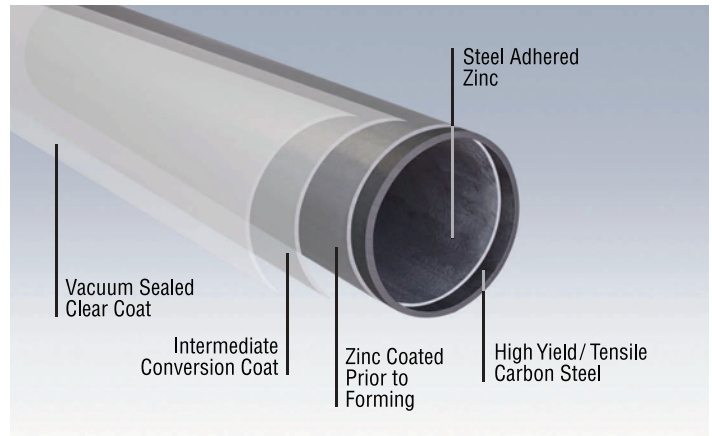

Specifications for Polyester and Polyolefin Elastomer Powder Coating per ASTM F1043
